Harper is very good just now. St. Louis ought to win six of the first eight games she plays with Loftus's crew.

From Boston comes the news that Louis Criger is in very poor health. There never was a catcher who could throw to second base like Criger. That let him out.

Knepper is said to have one strong argument in his favor as a pitcher. He is a telegrapher. So is Catcher Nichols. Donovan says that they can dispense with signs, manual or buzzical. Hence, it will not be necessary for the St. Louis club to use semaphore signals or a Morse code over the wires, as the Pittsburg and Philadelphia clubs have done. Knepper is up in wireless telegraphy, and Nichols can soon learn. Then they wil signal each other without words, signs or wires. Knepper is not so slow, after all.

BURKETT NOT YET SIGNED.

Outfielder Burkett has not yet signed a contract with the St. Louis club. On Sunday he said that if he did not sign by Monday noon he would leave St. Louis. He set out to do so, but at Manager Donovan's request he consented to stay over to Tuesday. Tuesday morning he will have a final conference with Mr. Robison, and will either sign or leave the club.

### **JONES AND HARPER** PITCHED FINE BALL.

Strong Kansas City Club Could Make But Three Hits Off the St. Louis Twirlers.

#### NICHOLS THREW VERY WELL

Kruger Kept Up Hitting Streak-Burkett and Heidrick 'Made Long Drives Off Fast Pitching-Baseball News.

Mr. Donovan's club felt its oats yesterday. The first real baseball day of the season put playing life into the men. Consequently the Kansas City club was soundly and surely trounced-8 runs to 0.

To the excellent pitching of Jones and Harper this happy result can fairly be attributed. Two hits were made off Jones in five innings, and one hit off Harper in four innings. The hits made off Jones were, more or less, clean-cut scratches. The single made off Harper was also a fluke. O'Brien swing hard at a ball and managed to subleff down an infest hit which he willow. schlaff down an infield hit, which lay like a perfect Burkett bunt in front of the plate. That is all that was done to the St. Louis pitchers.

So uniformly excellent was the pitching of Jones and Harper that in nine innings only twenty-eight men faced them. In the sixth inning four men went up to Harper, as the first man up, O'Brien, scratched out an infield single. Were it not for this fluke only twenty-seven men would have faced the pitchers. That is twirling of the very highest class.

Another very encouraging feature of the game was the throwing of Nichols, the soundness of whose arm has been a matter of grave fear and doubt. The little fellow caught Jones in faultless style, and threw out base-stealers as far as Criger ever did. He does not throw hard-just gets the ball away quickly. During the game he made day's work for a catcher.
 Kruger again hit them on the nose. He got two singles in three times at hat and scored two runs. He seems to be lucky in scoring when he gets to base. Kruger appears to possess what Irish ball players call the "Dutch percentage," which means

call the "Dutch percentage," which means a lot of luck.

Burkett was in the game to his collar button. He got one triples and two mingles, a perfect bunt in four trips to the plate. Heidrick got two singles and struck out twice. Nichols hit the ball terrifically, getting a triple first time up and lacing out long, line drives at fielders on other attempts. The good batting of the home team was on the level, for the young pitchers of the Kansas City club were using speed, which is always formidable at this season.

season.

The infield worked well together, and many nice plays were pulled off. Wallace made some neat catches and Kruger and Padden did a lot of sound fielding on ugly bounders. The score: ST. LOUIS.

Chicago, ill., April 15.—Comiskey's team will be partially crippled this seacon. Jimmy Callahan, star pitcher and possible infielder, had his right wrist broken Sunday in the game between the regulars and the "scrubs" by a ball pitched by Jack Ashton of the "scrubs". The accident happened in the seventh inning. When Callahan received the injury he thought nothing of it, as it did not pain him much. When he awoke this morning the wrist was swollen and he suffered excruciating pain. He immediately consulted a physician, and only then was he told of the serious nature of the hurt. New York, April 15.—The racing season in the Metropolitan District was formally opened Monday at Aqueduct. The Queens County Jockey Club offered an attractive programme, with the Carter Handicap as the feature, and in spite of a cold rainy day, a record-breaking crowd was in attendance. The track was slow.

Motley, owned by William Lakeland, and favorite in the betting at 3 to 1, won the Carter Handicap. Thirteen horses faced the starter and Motley, Sidney Lucas, Belle of Lexington, Alsike, St. Finnan and The Rymer had the strongest following.

Belle of Lexington and Outlander made the running up the back stretch head and head. Motley and Sidney Lucas, both off poorly, were back in the bunch. Rounding into the stretch, Belle of Lexington and Isla stopped and King Bramble joined Outlander, while Motley and Robert Waddell also moved up strongly.

It was a pretty race all through the stretch. Shaw, on Motley, made his run at the right moment, and, taking the lead inside the last sixteenth, won cleverly by one-half a length from Robert Waddell, while a length back Pupil, Outlander and Sidney Lucas fought it out for third money, finishing heads apart, as named. Outlander's saddle girth broke just before the finish was reached, and after passing the judges, Henry got a bad fall, but escaped with a bad shaking up. But for that he would have been a sharp contender at the end. Sidney Lucas was unfortunate. He was shut off sharply at the sixteenth pole, losing several lengths.

PRESIDING JUDGE P. A. BRADY.

He Will Officiate at the Fair Grounds and Delmar.

Sam W. Adler announced Monday that Peter A. Brady would preside in the judicial stand at the Fair Grounds and Delmar Park during the coming season. Joseph A. Murphy was originally scheduled to fill this position, with Mr. Brady as his associate. Mr. Murphy had a contract with the Fair Asociation for 1901. Mr. Adler and his partners were willing to assume this contract and pay Mr. Murphy extra for his work at the Delmar track. In reply to this proposition Mr. Murphy insisted on being given a five years' contract, with the additional privilege of naming his associate in the stand and the starter. Mr. Adler and his partners refused to accede to Mr. Murphy's demands and the result was the latter's resignation.

Murphy's demands and the result was the latter's resignation.

"We prefer to have a presiding judge at both our tracks who will devote all his time to the racing fiself and questions pertaining to this department of the sport," said Mr. Adler. "Mr. Murphy, you know, has been officiating in a regular Poo-Bah capacity at the Fair Grounds; that is to say, he was secretary of the association, presiding judge, handicapper, programmemaker and generalissmo of the whole 'shooting match,' so to speak. Now this sort of an arrangement is not to our liking. We believe that the duties of a racing judge, if administered properly, are sufficient to keep one man bosy, and we do not care to burden the official who will preside in the judicial stands at our two tracks with any other duties. Edward Maginn, who was assistant clerk of the scales moterate to burden the official who will preside in the judicial stands at our two tracks with any other duties. Eliward Maginn, who was assistant clerk of the scale at the Fair Grounds for several years, and who officiated in a like capacity, in addition to placing the third horse at Kinlech-last fall, has been engaged to make racing programmes and handicap the horses at the Fair Grounds and Delmar.

"We believe that he is thoroughly competent to do the work. We expect him to condition races that will be popular with owners of first-class horses. One thing in particular that I want to call attention to right now is the fact that we shall not have any races on our programme for 2-year-doles that have never run five furlongs in better than 1-91. As a matter of fact, those are the kind of horses we want to face over our tracks as often as their owners desire to start them, and, instead of barring them from races, we shall expect our programme-maker to frame up contests between horses of that calibre as often as he possibly can."

Peter A. Brady, the new presiding judge at the Fair Grounds and Delmar, is one of the best known turfmen in this country.

He has had over twenty years' experience with all angles of the racing game, having raced horses, made books, managed a race with all angles of the racing game, having raced horses, made books, managed a race track, officiated in the judicial stand for one season with the late John J. ONE OF THE BEST FEATURES

Of the Pyramid Pile Cure

Is the fact that it cures every form of Piles without one particle of pain. This desirable point is not obtained by the use of injurious opiates which simply deaden and paralyze the nerves of the parts and make matters worse in the long run. But it is done solely by its remarkably healing and soothing effects. And while it thus gives immediate relief, at the same time the disease is not merely checked, but a radical cure is rapidly accomplished. And the point we want to make clear is that all this is done without a particle of pain.

The Pyramid Pile Cure has been before the public too long and its merits recognized by too many people to allow it to be classed with the many salves, suppositories, pills, etc., and you run no risk in trying Mr. Stiffel pills, etc., and you run no risk in trying it, as is often the case with new and untried preparations. If you are ever troubled with any form of piles or rectal disease do not forget the Pyramid Pile Cure. Prepared by Pyramid Drug Co., Marshall, Mich., and sold by all druggists at 50 cents per pack-

CREEDON WINS IN THE FIRST. Knocks Out Jimmy Handler in Jig

Memphis. Tenn., April 15.—Dan Creedon of Australia showed his old-time form, and stopped Jimmy Handler of New Jersey here to-night in less than half a minute's fighting in the first round. One of the largest crowds of the season gave Creedon an ovation before and after he entered the ring. The fight was scheduled for twenty rounds. There was practically but one blow struck, a left hook to Handler's jaw, and the Jersey man went down for the count. He managed to regain his feet, but was so weak that Creedon floored him again. Handler was unable to rise, and Referee Hottum counted him out.

In the preliminary, which was for ten rounds, Eddle Croake of Iowa was given the decision over Jack Cusick of Milwaukee. Time.

"I will become interested in the new racing organization on condition that a controlling interest is held here in St. Louis by representative business men.
